Students Walk The Pathways Of Life

The pathways of life, leading in many directions, lie before the students at Miami High. We are encouraged to enter the worlds of learning, sports, and social activities where personalities are formed and friendships made. For seniors, these are the important pathways that lead to the future beyond high school. The MIAHI staff takes pride in presenting the 1965 yearbook as a pictorial record of the representative events that took place during our journey along these pathways.

Dedication

Mr. Gus Perry

This year, more than ever before, we have witnessed musical performances beyond compare. We know, Mr. Perry, that your duties are many but you never fail to contribute that something extra needed for million dollar performances. Your work and cooperation is appreciated by all and you have added a new luster to Miami High. For these reasons and many more, it is with great honor that we dedicate this book, the 1965 MIAHI, to you.

Many changes occur throughout our lives but this year we saw extraordinary progress. Our new library was completed and trophies were added to our showcase. At the same time, this progress took place within the fine tradition of Miami Senior High. The gothic architecture remained as did the typical M.H.S. couple and, of course, the cheerleaders' prayer before a game. Side by side, the new and the old met our eyes.

Throughout our city as well as at Miami High, the hand of progress has been felt. The Orange Bowl has taken on a new look and the Torch of Friendship has been dedicated to our late president, John F. Kennedy. On campus, students and teachers enjoy the facilities added to our school. Still, how can we ever forget the familiar sights and exciting moments we have experienced. Progress has been made but tradition will remain . . . never to be forgotten.

The Pathway To Knowledge

The essence of school life is represented in the working relationship between the individual student and his teachers and friends in class. Our faculty prepares us for the future through teaching and careful guidance. When we are stimulated to think, we learn to develop and advance. The teacher provides opportunities for the student to develop his own capacities. Our faculty is devoted to the teaching profession because they enjoy educating young minds.

Principal

In his fourth year as principal of Miami Senior High School, Mr. Hal Black continues his reputation for hard work and genuine concern for the welfare of Miami High.

His sincere enthusiasm in all school activities has, perhaps more than any other factor, helped return Miami High's traditional spirit to its peak.

The shining example which Mr. Black has set for us is deeply appreciated by all and will remain with us always.

AFTER THE victory over Jackson, Mr. Hal

Mr. Black maintains his pleasant disposition.

THE PRINCIPAL is responsible for coordinating all aspects of the school. Here he discusses important student matters.

Assistant Principals Work

MR. GUS Perry confers with Mrs. Sallilu Crawford in her new office adjoining the air-conditioned library.

MRS. SALLILU CRAWFORD

Mrs. Sallilu Crawford holds the high position of curriculum assistant in charge of coordinating our entire school program. Her interest is an inspiration to us all in our common effort to keep Miami High's curriculum a continuing model of high standards.

MRS. AGNES DUBOIS

Traditional Miami High standards are the concern of Mrs. Agnes DuBois, Assistant Principal for Administration. Her specific concerns involve attendance, discipline, student welfare, and the health room. In addition to these duties, Mrs. DuBois is also sponsor of Girls' Council.

I'll never forget your happiness, consideration, and generosity. You have made my world a happier place and thank you. Take care of you for me.
A TYPICAL SCENE IN THE ATTENDANCE OFFICE IS MRS. DUBOIS AT THE FRONT DESK.

Agnes M. DuBois*

Together for Miami High

MR. RANDOLPH SPREEN

Mr. Randolph Spreen, who is Assistant Principal for Administration, is now in his eighth year of service at Miami High. Mr. Spreen has had total school improvement as his prime goal. This year he has been chosen as an honorary Junior Debs Darling.

I only hope that more people could be as sweet and kind as you have always been - Good Luck in every thing you do

Using a variety of techniques, with special emphasis on the audio-lingual approach in French and Spanish, the staff of the language department teaches students another language.

Math Leads Into The Modern World

"HOW COULD you make such a gross mistake?" asks Mrs. Pabrey as she explains the error in her trigonometry class.

The math department provides for the needs of all students. Its courses range from general mathematics to a college preparatory course of study. The college preparatory course includes analytic geometry and other courses necessary for a more sophisticated grasp of higher mathematics.

In a world oriented toward science and technology, our math department has a unique responsibility to the students of Miami High in providing the mathematical requirements for scientific citizenship in the twentieth century.

Understanding Ourselves In The World

The development of citizens is the goal of the social studies department. Through the study of newspapers, magazines, and textbooks, the student is brought into contact with current world problems.

Because this was an important election year, social studies classes were the scenes of animated discussions. The campaigns gave students an excellent opportunity to discuss American democracy in action.

An impressive addition to this department was the independent study group under the direction of Mr. Donelli. This is a group of selected students who accept the challenge of independent research and discussion.

The guidance department exists for the purpose of extending help to the student in meeting his academic and vocational needs. Sophomores, juniors, and seniors may come to counselors to discuss problems and future plans.

To assist seniors, the guidance department sponsors College Night and Vocational Conferences. These programs enable the student to make choices about his education and his career.

The Pathway To Social Life

Beyond the world of scholarship is another world, a world of social activities. At Miami High, Stings were busy participating in all the various activities associated with school life. When Stings were not studying they took an active part in stomps, football games, pep rallies, and assemblies. In these pages we hope we have captured the true spirit of a Stingaree.

SEPTEMBER

Summers's Over And Another School Year Begins

The opening month of the new school year found sophomores baffled, juniors "in the know", and seniors looking forward to the last great year of their high school careers. The familiar roar of the football pep rallies symbolized the enthusiastic spirit with which the Stingarees returned to school after their long summer vacation. This spirit also could be recognized in the varied activities which helped to start off the new school year. There was the kick-off dance, the Southwest and Jackson football games, and several informative assemblies. Once again Sting town was buzzing with life . . . a new school year had begun.

THE MIAMI High cheerleaders form the traditional letter "M" before the opening of the Miami High-Jackson football game which ended in another victory for the Stingaree team.

DURING THE month of September, all sophomores and some juniors and seniors had their I.D. pictures taken which are necessary for all school events.

Second Month Finds MHS A Busy Place

October, the Halloween month, was a busy one for Stings. Football season was in full swing and seniors got together at the first senior assembly. Fall was in the air along with anticipation of things to come.

THE STUDENT Council provided the school "spirit" which is seen here putting its best foot forward at an October football game.

November Is Filled With Excitement

When Stingarees think of November, Homecoming automatically comes to mind. The reunion of alumni with their alma mater was celebrated with an alumni pep rally. George Abdenour and Candy Kendall were crowned king and queen by Miss Universe and reigned over the traditional Miami-Edison game. The final event of the day was the Homecoming dance held in the east patio.

DECEMBER

THE LAST month of the year saw many impressive installations. Pep Club's newly installed members are seen at a solemn moment.

THE CHRISTMAS Tea provided an opportunity for teachers to relax and enjoy coffee, cookies, and fruitcake, provided by the home economics class.

Stingarees Greet December With Enthusiastic Spirit

In the month of December Stings felt that another phase of school activities was ending while others gradually began to take their place. Thoughts of the joyful season were in mind, but studies were not neglected. There were plays, sales, and club activities to participate in during this busy month.

THE MUSICAL "Bye, Bye Birdie", presented by the chorus, was a tremendous success.

1965 Brings Second Term, Second Try

January, the first month of 1965, found the Stingarees back in school studying hard to prepare themselves for the ordeal of semester examinations. Meanwhile there were lighter activities including the Tri-M Hootenanny and the Girls' Council campaign.

MHS Welcomes Month Of Hearts And Flowers

Although February was the shortest month, it was not short in popular activities. In sports, basketball continued to draw strong support. Tennis, swimming and track provided new excitement for our sports-lovers. Other activities included a band concert assembly and Girls' Council's Hey Day. Most remembered were the Valentine's Day activities. Thespians had their rose sale and the chorus contributed singing valentines. The concluding highlight was the glamorous Sweetheart Formal.

An Enchanted Evening

"Some Enchanted Evening", was the theme of the 1965 Sweetheart Formal. Miami Women's Club a perfect setting for it, with decorations enhancing the romantic atmosphere. During the 11th hour the long awaited moment came and Lewis Buckley, Etude president, crowned a radiant Sweetheart to represent MHS.

APRIL

Stingarees Swing Into The Last Lap of the Year

Spring was in the air as April made its appearance on the Stingaree campus. Our sophomore class launched its Easter "chickie" sale. The track season continued in full swing along with other spring sports. Student spirits rose high as Stingarees entered the final phase of the school year.

THE END of May meant the end of classes. Here Mrs. Rosalyn Levine stores books that will not be used again until next September.

Countdown Begins As School Year Ends

The dim outlines of the Promised Land, graduation, were seen as May came to the school. Stingarees boned up for finals and prepared for the senior prom. Highlights of the month were the general awards assembly and the arrival of the yearbooks.

Activities End As Graduation Nears

Three memorable years for seniors now draw to a close. Exams, graduation, the prom, difficult decisions, congratulations, fond memories, tears, and yearbook signing all lead to the climax of every student's high school career . . . receiving his diploma. Feelings waver between sorrow and joy as Stings see another wonderful year end. One phase of life is now ended and a new one, filled with challenges, is beginning.

SOLEMN EXPRESSIONS match the solemnity of the occasion as Barbara Elrod, Hal Kennedy, and George Rescigno march in graduation procession.

Foreign Exchange Student

Miami High's third exchange student arrived in August of 1964 from a suburb of Paris, France. Beatrice Wartelle, a graduate of a Paris high school, chose to spend a year in America to acquaint herself with our country. She lived in the home of the Glenn Suduths where she found a warm family atmosphere.

In school, Beatrice plunged into a life of classes, clubs, football games, and pep rallies. She learned our country's customs and habits quickly. During the first semester, Beatrice was tapped for Little Women in which she became an active member of the social committee. She was also active in our school's concert chorus and took part in the Tri-M Hootenanny. Miami High students and teachers alike enjoyed her accounts of France and the differences between the customs of the two nations. Beatrice worked diligently and earned good grades in her classes. Her stay in America is a fine example of our fraternal friendship with the French people.

AT MIAMI International Airport, Beatrice Wartelle is greeted by Mr. Black and Beatrice's American family. Three hundred enthusiastic Stingarees joined in giving her a memorable welcome.

BEATRICE TAKES a full program of subjects, including English, Spanish, government, sociology-psychology, and chorus. Here we find her absorbed in thoughts of her own.

The Pathway To Physical Fitness

The athletic program in a school builds up a spirit of competition, growth of character, and good sportsmanship among the participants and the observers. Whether it is portrayed by a football player pushing across the line for a T. D., a batter going to bat with the bases loaded and two outs, or a silent free throw attempt for the winning point in a closely contested basketball game, the spirit of fair play is always present.

Stings Strike Back

Backed by the fresh enthusiasm of the school, the Stingarees scored their first victory of the season. Southwest was astonished by Miami High's outstanding offensive and defensive lines which held back their attempts for points.

Bob Stinson, Nelson Vera, Albert Consuegra, Don Ricigliano, and Joe Gonzalaez showed that the Stingarees were ready for a climb back to one of the top positions in the state by scoring a total of twenty-one points.

M.H.S. Jars Jackson

The cannon roared six times for the Miami High Stingarees in their second impressive shut-out of the season. The Stings were just as mighty as ever in holding Jackson to only 30 rushing yards.

Miami High's touchdowns were scored in just about every conceivable manner: long runs, short runs, and pass plays. The six touchdowns were credited to Nelson Vera, Albert Consuegra, Bob Stinson, Tony Govekar, John Hester, and Jack Lauramore. Don Ricigliano's conversions were all good, giving us the grand total of 42 points.

THIS RECEPTION by Quarterback Nelson Vera paved the way for one of many touchdowns for Stingarees that night.

END TONY Govekar and halfback Bob Stinson guard Albert Consuegra for one of his fantastic runs and a touchdown.

IT'S A CLOSE CALL BUT BOB STINSON MAKES IT.

Flying L's Grounded

The Flying L's of Fort Lauderdale tried their utmost to overpower the Miami High Stingaree's strong defensive line but they only managed to break through for one touchdown.

The second half found Miami High with the enthusiasm they needed for their victory over Fort Lauderdale.

Albert Consuegra's brilliant handling of the ball posed the biggest problem for Fort Lauderdale's defense. The successful blocking by George Hopgood and Don Moss cleared the way for the two touchdowns made by Bob Stinson. After each touchdown, Don Ricigliano converted an extra point for the final score of 14-6.

Stings Wallop Lee

The Stingarees toppled another undefeated team for their fourth victory of the year. Jacksonville Lee, failing to live up to its expectations, scored only one touchdown against the mighty Stingarees.

Along with the help of Carlos Arocha and Richard Fortier; Albert Consuegra, Bob Stinson, and John Hester fought their way through Jacksonville Lee's strong defensive line to make our four touchdowns and bring the final score to 24-7.

MIAMI HIGH prays for victory before the start of Jacksonville Lee game.

THE WHISTLE blew, Albert Consuegra was over the line and the Stingarees added six more points to the scoreboard.

ALBERT CONSUEGRA KEEPS PUSHING FOR ANOTHER T.D.

AS USUAL, Tony Govekar comes through with an extra effort to make a touchdown against the Rebels.

Rebels Surrender

A record breaking crowd for Harris Field packed into the stadium to watch the Stingarees launch a 35-0 victory over South Dade.

Miami High moved the ball to gain 333 rushing yards and 85 passing yards to South Dade's 12 rushing yards and 50 passing yards.

Al Consuegra made three of the Stingaree's five touchdowns and the other two were made by Tony Govekar and Gabe Michelena. Don Ricigliano added five extra points by successfully converting after every touchdown.

Dreadnaughts Sink

Without showing their usual strength, the Stings still managed to squeeze through with a 7-0 victory over Lakeland. Gabe Michelena set up and made the only T. D. of the night.

Coach Sawyers said after the game, "I'm happy to get out of here with a winner. I don't know what it is but we never have an easy game here."

WITH EYES glued on the goal Carlos Arrocha takes the ball over the line for a T.D. against the Panthers.

A TENSE moment occurs as a Palmetto Panther attempts to block the dramatic advance of Stingaree halfback Bob Stinson.

TOM ABDELNOUR TACKLES A PANTHER PROGRESSER.

Panthers Triumph

Our first loss of the season was suffered when Palmetto stunned the Stingarees 14-13. The loss was attributed to a temporary disorganization of the Stingarees. Two of our starters, Al Consuegra and Buster Sanchez were out due to injuries.

M. H. S. pushed hard to gain rushing yards but their efforts failed because of Palmetto's strong defensive line. After a series of driving plays, Herb Minton, Richard Fortier, and Bob Stinson cleared the path for Carlos Arrocha, who made our first touchdown. Don Ricigliano's first kick was to the right but his second was good for one extra point.

ONE OF the night's disappointments was to see Ray Bussing, inches from a touchdown, brought down by a Gables defender.

QUARTERBACK NELSON Vera charges through the Cavilier's strong defensive line to pick up yardage for the Stingarees.

Stings Bow To Gables

The Cavaliers pulled through for their 18th victory of the season after upsetting the Stings 13-6. The game drew a large crowd to see the most controversial game of the year. Although the scoreboard showed Gables to be the victor, statistically Miami High was far ahead. Larry Rentz's tremendous offensive and defensive playing posed the main problem for the Stingarees.

While M. H. S.'s offensive unit was missing out on its chances, the defensive unit led by Joe Gonzales, Herb Minton, and Tom Abdelnour was performing magnificently.

With the help of Sanchez and Nuzzo, Al Con-suegra scored our only touchdown of the night

Thoroughbreds Fall

After two consecutive losses, the Stingarees bounced back into the running for the Gold Coast Conference Championship title by beating the Hialeah Thoroughbreds. In the first quarter Bob Stinson evened the score by a 19-yard run for our first touchdown with Don Ricigliano converting for the extra point. During the second quarter Stinson scored again, bringing the score to the final 13-6.

Good catching by Tony Govekar, combined with skillful blocking by Al Consuegra and tackling by Tommy Abdelnour did the trick in handing Hialeah its second loss of the year.

FULLBACK AL Consuegra magnificently blocks a Hialeah defender to let halfback Buster Sanchez through for a gainage of several yards.

HALFBACK BOB Stinson get his hands on the ball and speedily takes off down the field to give the Stings a touchdown and the gain of six points.

M.H.S. Loses

In the many years of keen rivalry between the Stingarees and the Red Raiders, Edison has won only four games out of the forty three played. This was one of the rare years when M. H. S. did not rack up its traditional victory.

Miami High suffered a 9-0 loss when sharp Edison defense stumped the Stings' powerful offensive unit at every turn.

Gold Coast Champs

The Stings ended their season with a 7-3 record and the conference trophy. Coach Sawyers, with the flip of a coin, gave M. H. S. the second chance it needed to come back to the position where it belonged.

George Bouldin, Jim Younger, Pete Adamack, Andy Tully, and George Rescigno stepped in for the absentees and turned in defensive efforts which cut down everyone of the L's rushing efforts.

Buster Sanchez, Mike Nuzzo, and Tony Govekar scored the three T. D.'s with Don Recigliano converting for one extra point for a score of 20-12.

The Pathway To Our Future

Our long awaited senior year finally arrived. Such activities as studying, taking tests, attending sports events, going to the prom, dancing at victory stumps, and dreaming of graduation kept us constantly occupied. We found happiness and satisfaction in doing service for our school and in keeping up Miami High tradition. All at once, graduation was here and all the events of the past year became one beautiful memory, never to be forgotten.

Hall of Fame

Being chosen to represent the senior class in the HALL OF FAME is one of the highest honors to be bestowed on any senior. Only twenty-four students are chosen for this distinction out of a class of almost one thousand. Students are chosen because of their unique qualities and accomplishments in the fields of student leadership, service, character, scholastic achievement, and sports.

Persons elected to the HALL OF FAME stand as symbols of Miami High's tradition and pride. We congratulate these outstanding students of the Class of 1965.

Honor Graduates

Being an honor graduate requires intelligence, hard work, and devotion to one's responsibilities. Countless hours of study and research must be spent to maintain the required 3.5 high school average. It is often difficult to stay behind and study while others are off having fun and therefore we, the 1965 MIAHI Staff, congratulate the following students for their outstanding achievements.
